## FOREWORD

### *History*

Wrightstown Township is a Township of the Second Class of the Commonwealth of Pennsylvania, currently governed by a Board of Supervisors consisting of three members each elected for a term of 6 years. Wrightstown Township consists of approximately 10.16 square miles, 6500 acres, and 2,839 residents per the 2000 Census.

Prior to 1908, the Board of Supervisors consisted of only two members. The first zoning ordinance was adopted in 1962, the first subdivision ordinance in 1969 and the first Comprehensive Plan in 1971. The first Planning Commission was established in 1959. In 1983, Wrightstown Township joined with Newton Borough, Newtown Township and Upper Makefield Township to form the Newtown Area Joint Zoning District.

### **Historic Highlights**

**Walking Purchase:** Wrightstown existed as part of the original “Walking Purchase,” a land grant from the King of England to William Penn in 1682 which encompassed land from the Delaware River in Upper Makefield Township to Wrightstown. The “Walking Purchase” was re-enacted by Penn’s descendants on September 19 and 20, 1737 with Wrightstown Township as the starting point.

The official boundaries of Wrightstown Township were established in Central Bucks County by 1692. A square mile in the center, in the present Penns Park, was reserved for parkland. In 1719, however, the Square was divided amongst the surrounding property owners.

Wrightstown’s first recorded settler was John Chapman, who emigrated from England in October 1684, with his wife and children and settled on land which was part of the original William Penn Grant. According to legend, they first lived in a “cave” or “sod hut,” probably on what is now Penns Park Road. Twin boys were born in their dwelling during the first winter, originating a long line of descendants, among whom was Henry Chapman Mercer.

Although the first dwelling no longer exists, there are seven houses in the Township which were the homes of second and third generation Chapmans. William Smith, who arrived the year after the Chapman’s, built a log house which still stands on Mud Road. In addition to the Smith house, there are 140 other houses in the Township which are at least 100 years old.

In addition to its basically rural character, much of the Wrightstown Township’s charm is due to its five villages: Penns Park, Pineville, Rushland, Wrightstown and Wycombe. The villages of Penns Park and Wycombe are registered as Historic Villages on the National Register of Historic Places.

**Penns Park:** The oldest village in Wrightstown Township, Penns Park is located in the center of the Township. The crossroads village was known as “Logtown” as early as 1716 and “Pennsville” in the early 1800’s. In 1862 the village name was changed to its current one. To the southwest of the village is the “old grave yard” where many of the Township’s first settlers are buried.

**Rushland,** in the northwestern corner of Wrightstown Township, was originally known as “Sackett’s Ford.” Located along the Mill Creek near Rushland was a

settlement started by Italian immigrants who came to the area as laborers when the railroad was being built in the last decade of the nineteenth century. Their community became known as "Little Italy." By forcing it's way through a rocky cliff, the railroad opened a major industry for Rushland, the stone quarry, an industry that continues to this day.

**Wycombe** burst on the scene in the 1890's, when the Northeast Pennsylvania Railroad opened a line through the county. The villagers originally wanted their town called Lingohocken which was the area's Indian name, but postal authorities felt it would be confused with the town of "Wingohocken," another post office in Pennsylvania. The name Wycombe was then adopted. It is an excellent example of a late 19<sup>th</sup> century Victorian Village.

**Pineville**, is located on the Wrightstown/Buckingham Township line. The name of the village, adopted in 1932, comes from the presence of large pine trees around a long-gone school house. Growth of the village centered on an old tavern and general store.

The **Octagonal Schoolhouse** is located at Swamp Road and Second Street Pike (Route 232). Education has always had a high priority in Wrightstown Township. Early Quaker settlers built and ran the school in 1802. They built a stone structure in the octagonal shape which allowed the maximum amount of natural light to enter at all times of the day. Heat in winter was provided by a small stove in the center of the room. The Wrightstown Octagonal School is the only remaining octagonal school in Bucks County. It functioned as a school from 1802 until 1850. The Octagonal Schoolhouse has been fully renovated and is open to the public on certain dates and serves as the headquarters and is open to the public on certain dates and serves as the headquarters of the Wrightstown Historical Commission.

The Code of Ordinances of the Township of Wrightstown was prepared by Keystate Publishers, Inc., and adopted by the Township of Wrightstown Board of Supervisors on September 17, 2007, by *Ord. 266*.

### *Organization*

The Code contains four parts which are (1) the valid current ordinances of the Township of Wrightstown contained in Chapters 1 through 27, (2) the Appendix, which lists by abstracted title all ordinances of a temporary or "one time" nature, (3) the Table to the disposition of each ordinance ever enacted by the Township of Wrightstown, and (4) the Index, which is an alphabetical arrangement of subjects.

In the Code each Chapter is separated by a divider tab, and specific ordinances can be located by subject on the contents page at the beginning of each Chapter. The Index may also be used to search for a subject when one is looking for general information on a particular subject, or if it is not known in which Chapter the subject might be found. The Appendix consists of several general categories containing a chronological listing of short subject descriptions along with a reference to the original ordinance and its date of enactment, if known.

The Table to disposition indicates what action has been taken by the Township of Wrightstown Board of Supervisors with regard to every ordinance ever enacted. An ordinance has either been (1) specifically repealed, (2) superseded by another ordinance, (3) is located in a Chapter of the Code book, or (4) is located in the Appendix. Annual tax rate and budget ordinances are located only in the Table. The Table is a cross

reference to the original ordinance books of the Township of Wrightstown, and to the location within the Code of each ordinance by number.

§\_\_\_\_. Penalties. Any person, firm or corporation who shall violate any provision of this Part, upon conviction thereof in an action brought before a magisterial district judge in the manner provided for the enforcement of summary offenses under the Pennsylvania Rules of Criminal Procedure, shall be sentenced to pay a fine of not more than \$1,000 plus costs and, in default of payment of said fine and costs, to a term of imprisonment not to exceed 90 days. b. **Enforcement Remedies.** For all other enactments, the following language is amended to be standardized to the following language; except for those enactments covered by State legislation that contains specific penalty provisions (such as the Vehicle Code, the Municipalities Planning Code for land use ordinances and the Local Tax Enabling Act with regard to earned income tax ordinances):

22. Penalties

Should any building, use or other permit required by this Fee Schedule not be obtained prior to beginning construction or initiation of the use, all fees shall double.

**Section 4. Refundable Escrow Accounts.**

The Wrightstown Township Board of Supervisors in the exercise of their responsibilities may call upon the services of consultants for engineering, legal services, site design, traffic design, landscape design, architectural design and such other consultants as it may deem necessary incident to the examination of the matter. The cost of such consultants' services shall be borne entirely by the applicant, and shall be charged to the applicant's escrow account, including an administrative fee set forth in this resolution, against the applicant's escrow amount. Any unused portion of the refundable escrow will be returned to the applicant. If the refundable escrow amount is insufficient to cover the costs, additional escrow amount equal to the projected costs

must be paid prior to further consideration of the matter. The applicant may be required to replenish escrow fund when escrow drops to 35% of original amount.

**Section 5. Additional Deposits.**

When the Township Administration becomes aware of insufficient funds in the escrow account, the Building Code Official and the Board of Supervisors shall be notified that the costs of a matter are not substantially equivalent to the deposit or deposits theretofore made, and further costs are anticipated, the applicant may be required to advance additional moneys in an amount equal to the projected costs or otherwise specified within existing ordinances. The applicant shall also be advised in writing.

**Section 6. Continuance Fees.**

All applicants to the Zoning Hearing Board and UCC Appeals Board will be required to deposit a refundable Continuance Fee. Should it be necessary to go to a second hearing, the Continuance Fee shall NOT be returned to the applicant. By definition, Continuances are second hearings for which additional evidence, testimony or reports are given; decisions rendered by the Hearing Boards at subsequent hearings for their convenience shall not be considered continued hearing unless additional information from the applicant is required.

**Section 7. Accounting and Refunds.**

Within a reasonable time after the conclusion of a matter for which a deposit has been made, and after all bills for costs have been received by the Township, the Township Administration shall account to the depositor for all costs incurred in such matters not previously accounted to the depositor, and shall refund any portion of the deposit not required to pay expenses or shall bill the depositor for any additional costs not covered by the deposit. The Township will not pay any interest on any moneys on deposit with the Township unless prearranged with the Board of Supervisors prior to such deposit.

**Section 8. Applicants Assume All Risks.**

The applicant assumes all risks for any actions taken by the applicant prior to the issuance of an appropriate permit for which an application has been made.
